WAISN has transitioned their bilingual (Span/ Eng) phone hotline to a COVID-19 response hotline. Many callers don't have access to internet or aren't able to access English-only resources. WAISN has taken on the task of creating a searchable COVID-19 database for hotline staff to be able to find the information they need quickly. We need your help to upload and research resources! 1 hour of your time could give 1000's of callers access to badly needed resources.
