Get Involved! Ballard High School Volunteer Positions

Ballard High School 2020-2021 Parent Volunteer Interest Form

Thanks for your interest in volunteering at Ballard High School this year.

The Ballard High School PTSA and school leadership are still determining what type of volunteer support will be feasible to safely assist our teachers, staff and students. Some of the options described below would only be available once in-building learning has started again.

Seattle Public Schools is instituting a new Volunteer Application process this year, which is almost final. We will forward details on this as soon as they are available to those who indicate an interest in volunteering at Ballard High School.

If you have any questions about volunteering, please contact Sarah Visser, PTSA Volunteer Coordinator, at volunteers.ballardhs@gmail.com

Please check all of the volunteer areas that interest you, now or in the future, and we will send out more specific requests as needs arise.
